Thank you for agreeing to serve as a volunteer FireWise Neighborhood Ambassador (Ambassador). This program is operated by the FireWise Council of Southwest Colorado under the umbrella of the San Juan Mountains Association as the non-profit fiscal agent. FireWise Ambassadors are volunteers who:

- commit to mobilize their neighborhoods related to wildfire safety;
- link their neighbors and neighborhoods to trusted wildfire education;
- promote mitigation projects; and
- act as a contact for local firefighting entities.

The qualifications of becoming an Ambassador include a willingness to do neighborhood outreach in fun and creative ways, enthusiasm, and an ability to work with others. You do not need to be an expert in wildfire, law enforcement, or firefighting. Attending a volunteer orientation is required before getting started along with signing a Liability Waiver, reporting volunteer hours, and completing a Volunteer Commitment Form annually. The FireWise Council and the program coordinator provide support, technical assistance, materials, referrals to experts, and various networking opportunities.

Ambassadors report to the program coordinator whose position is overseen by the Steering Committee of the FireWise Council. Ambassadors are representatives of the FireWise Council of Southwest Colorado and the San Juan Mountains Association, and will maintain a positive, friendly, non-confrontational attitude with the neighbors and groups they contact. In addition, Ambassadors shall not assume or create the impression of having the authority to serve in any law enforcement or firefighting capacity while performing volunteer work. FireWise of Southwest Colorado and/or the San Juan Mountains Association may terminate this relationship for any reason and at any time by notifying the Ambassador in writing.

Volunteer Commitment Form

Below is a list of volunteer responsibilities that Ambassadors carry out. *Please check off the tasks that you are willing to complete and return the form to the program coordinator.* You are also asked to sign the Liability Waiver and return it to the program coordinator as well. Ambassadors do not need to complete every task on the list. Every subdivision and homeowners association is unique with its own challenges and solutions. Therefore, Ambassadors need to review this list and select only the tasks that are realistic and do-able.

Public Education/Mitigation

- Plan the occasional informational event for your subdivision inviting an expert speaker(s) on wildfire and/or emergency preparedness.
- Inform residents/neighbors about the www.southwestcoloradofires.org Web site.
- Be an example of a home site where defensible space has been created.
- Provide the residents in your subdivision, through whatever means possible, the wildfire mitigation companies' contractor list kept by the Colorado State Forest Service (this list is found at the above Website under the "prevention" tab).
- Attend the bi-monthly FireWise Council meetings and/or educational events and take information back to your neighborhood, homeowner association, subdivision, etc.
- Plan a neighborhood mitigation day or week or month to remove and dispose of slash.
- Promote the development of a Community Wildfire Protection Plan for your subdivision or neighborhood.

Pre-Wildfire Planning with Your Local Fire Department/District

___ Make contact with your local Fire Department/District so they are familiar with you and what you can offer.

Get to know them and be a resource.

___ Share important information about your subdivision including a map of the following:

- Locations of homes and other structures.
- Road layout.
- Possible water supplies such as ponds, creeks and cisterns, including ownership (i.e., private or public).
- Location(s) of heavy fuel loads (thick forest, lumber piles, stump piles, etc.).
- Location of hazardous materials (paint, oil for roads, gasoline storage, etc.).
- Location(s) of above- and/or below-ground propane tanks.
- Location(s) of power lines and power poles and the name of the electric company.
- Location(s) of gas lines and name of gas company.
- Location of homes with pets and livestock.
- Location of homes with out-of-state owners.
- Location of homes with residents who have special needs (disabled, elderly, etc.)

___ Make a list of all possible locations for distribution of wildfire information in the event of a wildfire (e.g. bulletin boards, public gathering places, etc.).

___ Develop an evacuation plan.

Communication – General

___ Work with local residents to ensure their addresses and street signs are visible.

___ Establish an e-mail tree to notify residents in your subdivision of pertinent wildfire or emergency information.

___ Assemble contact information for homeowners with addresses, phone numbers (work, home, cell, emails).

___ Update all information annually.

During a Wildfire Event

___ Call 911 if you witness a wildfire. Provide information the 911 operator may request.

___ If you are evacuated, please go to the official evacuation center and be a contact person for local fire fighters/entities when and if asked.

Your role during a wildfire event is to ensure your own personal safety and to evacuate if necessary.

Remember ~ the best time to make contact with your fire department is before an event happens!

Note: Some Fire Departments/Districts may ask you to sign a separate form clarifying your role in a wildfire event.
